

A+ Grade Premium Feed

Composure

With a bag of Composure in your feed room, you know you've got a nutritious and flexible base feed for your horses.

Superior nutrition

Jenco Composure is the ideal all-rounder for your horses. Containing only 'cool' ingredients, it can be fed to all types of horses – and can easily be enhanced with other feeds such as corn, oats and extra oil to suit your horses' diet and energy requirements.

This practical and affordable feed provides all the essential nutrients your horse will need, and is carefully prepared using a balanced ration of high quality ingredients. The inclusion of Wheaten Chaff helps to slow down the horse's metabolism so the feed stays in the system longer to promote better absorption of all the nutrients.

All natural

All our products are 100% natural vegetarian feeds that are free from artificial colours and flavourings.

Quality guarantee

In making this product we source only the very best grains and use strict quality control procedures to remove all impurities to ensure a superior quality nutritious feed every time.
